

Kennametal Wear Solutions Rotary Airlock Retrofit & Refurbishment Services

...significantly extend rotary airlock life and reduce unplanned downtime!

1 Retrofit or Rebuild Any Size Rotary Airlock

Precision ground ceramic or tungsten carbide liners to optimize both the performance and the useful life of your airlocks.

2 Prevent Downtime & Loss of Efficiency

3 Meet Precision Machine Tolerances

Machining and grinding capabilities allow modification of existing parts to accept any specified coating or lining, which can then be ground to meet exact tolerances.

4 Proven Results

Rotary Airlocks protected with our ceramic solutions last 5 to 10 times longer than standard rotary airlocks.
